

# Tracked Impact Crusher

*Tracked impact crusher* is a track mounted plant designed to crush quarry rock or recycled material such as concrete and asphalt. tracked impact crushers provides an extensive mobile crushing solution whatever the application. These machines have been proved throughout the world in a variety of conditions, providing customers solutions in quarrying, surface mining and construction applications. *Track Mounted impact plants* are engineered for maximum impact crushing versatility. Delivering dramatically superior performance with an easily adjustable interface, aggregate producers and recyclers alike will benefit from the availability of open or closed circuit configurations, complete with a screen and recirculating conveyor.

## Tracked Impact Crusher Model Specifications

### Specifications:

Technical Data//Model	YG935E6 9L	YG935FW1 214 II L	YG1138E7 1L	YG1138FW3 15 II L	YG1138E W86L
Vibrating Feeder	GZD-960 ×3500	GZD-960×3 500	GZD-1100 ×3800	GZD-1100× 3800	GZD-1100 ×3800
Crusher	PE600×90 0	PFW-1214 II	PE750×10 60	PFW-1315 II	PEW860
Main Belt Conveyor	B800×8.5 M	B800×8.5M	B1000×9M	B1000×9M	B1000×9M
Discharging Height of Main Belt Conveyor (mm)	3200	3200	3500	3500	3500
Side-opening Belt Conveyor (Optional)	B450×3M	B450×3.2M	B500×3.5 M	B500×3.5M	B500×3.5 M
Discharging Height of Side-opening Belt Conveyor (mm)	2800	2800	3100	3000	3100
Power of Genset (kW)	180	250	200	300	250

Transportation Length (mm)	11900	11900	13300	13300	14200
Transportation Width (mm)	3100	3100	3100	3100	3300
Transportation Height (mm)	3650	3650	4500	4500	5000
Transportation Weight (t)	43.5	50	59	59	67
Working Length (mm)	12100	12100	13500	13500	15200
Working Width (mm)	3100	3100	3100	3100	3300
Working Height (mm)	4100	4100	5100	4800	5500

#### **Tracked Impact Crusher Features and Benefits:**

- Versatility of the equipment is ensured by a comprehensive range of optional extras that allows the right crusher to precisely match the demands of your specific application.
- Ensuring the world's resources are maximised in a demolition or recycling environment.
- Low investment cost compared to international competitors.

#### **Tracked Impact Crusher Application:**

- [Tracked impact crusher](#) can be found operating in quarrying applications dealing with such material as granite and limestone, construction projects processing concrete and asphalt.
- [Tracked impact crusher](#) is widely used in road & bridge construction, building, mining and other fields.
- Burcelik Remote Control System (RCS) makes [mobile crusher](#) more secure and easy to operate.

#### **Contact Us:**

Thank you for your interest in Liming Heavy Industry. Please feel free to use any of the methods below to get in touch with us.

Address: No.201-34, Huaxia 3rd Road, Pudong New Area, Shanghai, China.
