

Tracked Jaw Crusher

The [track mounted jaw crushers](#) are characterised by their uncompromising design and sturdiness. The outstanding overall performance of the machines results from the harmonious interplay of all components. In this way, provide a variety of innovative solutions with regard to efficiency, availability, versatility and, last but not least, the quality of the end product. Liming Heavy Industry (shanghai) [tracked jaw crusher](#) is the mobile crushing solution in quarrying applications such as granite and limestone and is equally effective on concrete and asphalt in a demolition or recycling environment.

Tracked Jaw Crusher Model Specifications

Specifications:					
Technical Data//Model	YG935E6 9L	YG935FW1 214 II L	YG1138E7 1L	YG1138FW3 15 II L	YG1138E W86L
Vibrating Feeder	GZD-960 ×3500	GZD-960×3 500	GZD-1100 ×3800	GZD-1100× 3800	GZD-1100 ×3800
Crusher	PE600×90 0	PFW-1214 II	PE750×10 60	PFW-1315 II	PEW860
Main Belt Conveyor	B800×8.5 M	B800×8.5M	B1000×9M	B1000×9M	B1000×9M
Discharging Height of Main Belt Conveyor (mm)	3200	3200	3500	3500	3500
Side-opening Belt Conveyor (Optional)	B450×3M	B450×3.2M	B500×3.5 M	B500×3.5M	B500×3.5 M
Discharging Height of Side-opening Belt Conveyor (mm)	2800	2800	3100	3000	3100
Power of Genset (kW)	180	250	200	300	250

Transportation Length (mm)	11900	11900	13300	13300	14200
Transportation Width (mm)	3100	3100	3100	3100	3300
Transportation Height (mm)	3650	3650	4500	4500	5000
Transportation Weight (t)	43.5	50	59	59	67
Working Length (mm)	12100	12100	13500	13500	15200
Working Width (mm)	3100	3100	3100	3100	3300
Working Height (mm)	4100	4100	5100	4800	5500

Tracked Jaw Crusher Features:

- Crusher designs with the options of Jaw and Impact types are available to accommodate industry requirements for different materials and output.
- It is widely used in road & bridge construction, building, mining and other fields.

Tracked Jaw Crusher Benefits:

- Driving with diesel engine makes mobile crushers more practical and handy.
- Track-mounted mobile design helps to meet higher demands for mobility at the operation site.
- Burcelik Remote Control System (RCS) makes mobile crusher more secure and easy to operate.
- Low investment cost compared to international competitors.

Contact Us:

Thank you for your interest in Liming Heavy Industry. Please feel free to use any of the methods below to get in touch with us.

Address: No. 201-34, Huaxia 3rd Road, Pudong New Area, Shanghai, China.
